INTRUCTIONS

Completely fill in the *Width* and *Length* boxes in imperial measurement or metric. Note that metric measurements will be converted in equivalent imperial measurements.

Wood grain direction: Check this box if the grain direction of the desired part must follow the length (longest side). If necessary, the optimization of the panels will be prioritized.

Starting cut: The *Starting cut* is a square cut of the panel to ensure that all angles will be 90 degrees.

Note: It is necessary to calculate a loss of 1/8" per cut taking into account of the thickness of the blade.

Once the form is duly completed, send it to:
info@langevinforest.com

PANEL TYPE

- Baltic Birch
- Multi Pano
- Other: specify _____

THICKNESS

- Starting cut: Yes NO
- Thickness: 1/4" 3/8" 1/2" 5/8" 3/4" 1" 1 1/4"
- 1/8" (available in 60" x 60" only)
